

POINTING BREEDS FIELD TRIAL RULES & REGULATIONS

Effective January 1, 2023

CANADIAN KENNEL CLUB®

CLUB CANIN CANADIENSM

PURPOSE (99-05-19)

The purpose of field trials for all CKC recognized pointing breeds is to promote and recognize those dogs that demonstrate the highest pointing dog qualities.

They are assessed on a competitive basis in a natural setting using a standard of performance. Pointing dogs were selectively bred from dogs who exhibited pointing and retrieving from land and water instincts. These trials assist breeders who strive to enhance breed improvement by selecting breeding stock that have strongly demonstrated these fundamental breed traits.

- 2.1.2 Only accredited clubs that are in good standing with the CKC are eligible to apply for and hold a field trial event.

2.2 Making Application

- 2.2.1 A club applying to hold a field trial must make application on forms provided by the CKC. The Event Date Application must be submitted so as to be received not less than 180 days prior to the date of the proposed trial. The CKC will notify the club whether or not approval has been granted. The application must include the names and addresses of the persons selected to judge, as well as the stakes assigned to each judge.

- 3.1.3 The trial-giving club shall not select any judge who is ineligible to officiate at a trial held under these rules and regulations.
- 3.1.4 Once approval is granted, the CKC will inform the trial-giving club that the judges have been approved. The trial secretary shall send to each approved judge a confirmation of assignment letter, supplied by the CKC, as well as any other pertinent information that the club may include.

-
- 3.1.5 If The Canadian Kennel Club is not prepared to approve a selected judge, or it is not prepared to approve the entire assignment for which a judge has been selected, the club must submit to the Head Office of The Canadian Kennel Club the name or names of alternative persons to judge that trial or trials.

3.3 Judges Decision Final

- 3.3.1 The decisions of the judges shall be final with respect to the running and placement of the dogs and in all questions concerning the merits of the dogs. - 3.3.2 The decisions of the judges shall be final in all cases affecting the merits of the dogs. Full discretionary authority is given to judges to withhold championship points. The judges shall determine the length and scope of any subsequent series and the bracing of the dogs.
- 3.4.3 If the 2 handlers with their dogs become separated while both are on course and under judgement, one

judge shall accompany each handler, except that a judge should not follow a dog that cuts the specified course in order to reach the bird field.

- 3.4.4 The judges may appoint an official observer at the bird field to report to them whether or not a dog had game before a judge could reach the bird field.

3.5 Judges Entering Dogs

- 6.2.7 No entry shall be made under a kennel name unless the name has been registered with the CKC. (95-05-19)
- 6.7.3 The trial-giving club is responsible for the collection of all TCN fees. Within 21 days after the closing of its trial, the trial-giving club shall forward the following to the CKC:
- (01-05-18)* (a) The signed Statement of Event Fees over the signatures of the Event Secretary and any authorized signing officer of the club as to the number of dogs with Temporary Competition Number (TCN) entered in its trial, and the total number of dogs entered in competition in its trial
 - (01-05-18)* (b) A remittance which shall include all temporary Competition and recording fees in an amount set from time to time by the Board of Directors
 - (c) All entry forms
- 6.7.4 In the event that the CKC established that the remittance fails to completely cover the fees set forth above, an administrative fee as set from time to time by the Board of Directors shall be payable by the trial-giving club.

7 UNSPORTSMANLIKE CONDUCT

- 7.1 It shall be deemed unsportsmanlike conduct if a person, during the running of or in connection with an event, abuses or harasses a judge, trial official or any other person present in any capacity at the event.
- 7.2 Any handler who displays unsportsmanlike conduct or who is seen to kick, strike or otherwise roughly manhandle a dog at any time during the holding of the event, may be expelled from the trial by the Pointing Field Trial Committee.
- 7.3 The judges shall also have the authority to expel a handler from a trial if they observe unsportsmanlike conduct on the part of the handler or see the handler kicking, striking or otherwise roughly manhandling a dog while the event is in progress. It will be the duty of the judge to report promptly to the Pointing Field Trial Committee the expulsion of a handler.
- 7.4 The Pointing Field Trial Committee shall investigate, at once, any instance of alleged unsportsmanlike conduct on the part of the handler, or any report that a handler has been observed kicking, striking or otherwise roughly manhandling a dog. If the Pointing Field Trial Committee, after investigation, determines that a handler is in violation of this section, and that the incident, if proven, would constitute conduct prejudicial to the sport or the CKC, it shall exercise its authority in accordance with the Complaints section of these rules.
- 7.5 The Event Secretary shall submit to the CKC, a complete report of any hearing action taken under this section within 21 days.
- 7.6 Where a person who has control or custody of a dog at a CKC event causes that dog to suffer serious injury or death through negligence or willful misconduct, the Chair of the Field Trial Committee shall file a report to the CKC for possible submission to the Discipline Committee.

8 CANCELLATIONS

- 8.1 If a dog is entered in any stake for which it is ineligible, all prizes won by that dog in that stake shall be cancelled by the CKC.
- 8.2 If the win of a dog is cancelled, the dogs placing next in order shall be moved up at the judges' discretion. If so moved, the wins of the dogs moved up shall be counted the same as if they had been the original awards.
- 8.3 If the win of a dog is cancelled, the entrant of the dog shall return all prizes for that win to the secretary of the field trial within 10 days of receipt of notice of cancellation from the CKC.
-

9 STAKES & CHAMPIONSHIP POINTS

- 9.1 *(28-09-18)*
(95-05-19) A pointing dog shall become Field Trial Champion of record after having won 10 points at field trials approved by the CKC. Of the required 10 points, at least 3 points shall have been won in one unrestricted Senior Open Stake, not more than 4 points shall have been won in Senior Amateur Stakes, not more than 2 points shall have been won in Puppy stakes, not more than 2 points shall have been won in Derby Stakes. A Dog shall not be recorded as Field Trial Champion unless it has exhibited the ability to back. Championship points from placements in Amateur stakes that are credited towards a Field Championship, will also be credited towards an Amateur Field Championship.
- 9.2 A Pointing dog shall become an Amateur Field Trial Champion after having won 10 points in Amateur Stakes, including a minimum of one 3 point major win in an Amateur Stake at field trials licensed by the CKC. A dog shall not be recorded as Amateur Field Trial Champion unless it has exhibited the ability to back.
- 9.3 An unrestricted stake is one in which all Pointing breeds are allowed to compete. Senior Stakes are
-

all stakes other than Puppy or Derby Stakes. Open Stakes are stakes in which both professional and amateur handlers are allowed to compete.

9.5 To be eligible to be entered in an approved field trial, the dog must be at least 6 months of age on the first day of the trial.

9.6 Definition of Stakes:

(a) **Open Puppy Stake**

For all dogs which are not over 18 months of age on the day of the trial (first day if more than one-day trial).

(b) **Open Derby Stake**

For all dogs which are not over 27 months of age on the day of trial (first day if more than one-day trial).

(c) **Shooting Dog Stake** (Open or Amateur)

(Open or Amateur)

For dogs 6 months of age on the first day of the trial which have won first place in an Open Derby Stake or which have placed first, second, third or fourth in any Shooting Dog Stake. A field trial-giving club may give an Amateur Limited Shooting Dog Stake in which placements that qualify a dog that have been acquired in Amateur Stakes only. When a

club elects the latter option, the stake must be advertised in the premium list and additional advertising may be done.

(f) **Limited All-Age Stake** (Open or Amateur)

For dogs 6 months of age on the first day of the trial which have won first place in an Open Derby Stake or which have placed first, second, third or fourth in any All-Age Stake. A field trial-giving club may give an Amateur Limited All-Age Stake in which placements that qualify a dog that have been acquired in Amateur Stakes only. When a club elects the latter option, the stake must be advertised as such in the premium list and any additional advertising that may be done.

9.7 A club may hold an unlimited number of Field Trials in a calendar year, however at any trial there shall not be more than one of the following stakes: Open Puppy, Open Derby, Shooting Dog, All-Age, Limited Shooting Dog, Limited All-Age. Both Open and Amateur Stakes may be held in Shooting Dog, All-Age and Limited Stakes.

9.8 Any person who receives or has received either directly or indirectly, compensation for training or handling Pointing dogs, or who has accepted cash prize or prizes or other valuable consideration for handling dogs other than his own in field trial competition, or any person who is employed by a professional handler in the training of Pointing dogs, or any member (15 years of age or over) of the immediate family of a professional handler who assists him in training Pointing dogs, is classified within the meaning of these rules as a professional handler. All handlers, not classed as professional handlers, shall have amateur standing.

9.9 A person classified as a professional handler and who wishes to attain amateur standing shall announce this intention by letter to the CKC. At the expiration of a 2 year period from the date of the letter, the handler may be classified as an amateur in good standing providing that during this period no remuneration whatsoever has been received for the training or handling of Pointing dogs.

9.10 Dogs running in Amateur Stakes must be owned by an amateur and handled by an amateur.

9.11 In any stake, the judges may award a “Certificate of Merit” to any unplaced dog for particularly excellent work. The name of the dog shall be noted on
(29-09-18)

the Pointing Field Trial Score Sheet for the stake in which the award was made.

10 STANDARD OF PERFORMANCE

10.1 Puppy Stake

- 10.1.1 Puppies must show desire to hunt, desire to get out and search for scent, obvious scenting ability, and initiative in covering ground and in searching likely cover.
- 10.1.2 Puppies are not expected to point but should flash point or otherwise indicate the presence of game if the opportunity is presented.
- 10.1.3 Puppies should show reasonable obedience to their handlers' commands.
- 10.1.4 Puppies are to be judged on their future promise as high class Derby Dogs.
- 10.1.5 Game will not be killed in a Puppy Stake.
- 10.1.6 Blanks will not be fired in a Puppy Stake unless so specified in the premium list, in which case every dog that makes game contact shall be fired over if the handler is within reasonable gun range.
- 10.1.7 At least 15 minutes and not more than 30 minutes shall be allowed for each brace.

10.2 Derby Stake

- 10.2.1 Derbies must show a keen desire to hunt, be bold and independent, have a fast yet coordinated style of running, and demonstrate not only intelligence in seeking objectives but also the ability to find game.
- 10.2.2 Derbies must point, but steadiness to wing and shot is not required.
- 10.2.3 Should birds be flushed after a point, by handler or dog within reasonable gun range from the handler, a shot must be fired. Lack of opportunity for firing over a Derby dog on point shall not constitute reason for non-placement when it has had game contact in acceptable Derby manner.

-
- 10.2.4 Prior to making the final placing, judges must arrange to have all dogs under consideration fired over if a natural opportunity has not occurred. Derbies are to be judged on their promise as either future Shooting Dogs or All-Age Dogs.
- 10.2.5 At least 20 minutes and not more than 30 minutes shall be allowed for each brace.

10.3 **Shooting & All-Age Dog Stakes**

10.3.1 While the performance in these stakes will vary according to the stake and breed, three main criteria will be observed:

(a) **Ground Work**

- (i) Intelligent search
- (ii) Appropriate range
- (iii) Pace

(b) **Bird Work**

- (i) Accurate and quick location and relocation
- (ii) Pointing
- (iii) Style and intensity

(c) **Training and Manners**

- (i) Hunting to the course
- (ii) Responding to the handler
- (iii) Steadiness on wing and shot
- (iv) Retrieving (where required)
- (v) Backing

10.3.2 In a Shooting Dog or All-Age Stake, a dog should back (honour) if the opportunity occurs during the running of the stake. A dog should not be placed on the basis of backing performance alone, but failure to back or honour when its brace mate has established a steady point must be heavily penalized, and the intentional avoidance by a dog or handler of a backing situation must also be heavily penalized. Backing should be done naturally, but may be done on command, with greater credit being given to the natural back. The backing dog may not be touched before the blank is fired, nor before the retrieve if game is shot unless directed by a judge in case of an unproductive find. Any dog demonstrating an ability to back on course shall be recorded. If a dog has not exhibited a back in a stake after attaining

all required points to finish its Championship, the handler may request the judge to set up a backing test for this purpose subject to the discretion of the trial giving club. A dog should be provided for this purpose by the club.

- 10.3.3 No Shooting Dog or All-Age Stake shall be run in braces of more than 30 minutes at an approved trial unless the running time is given in the premium list.
- 10.3.4 In any stake in which birds are not shot, except in Puppy Stakes as specified in these rules, a blank cartridge must be fired by the handler over any dog on point after the game has been flushed. The handler must shoot within the time that would be required to kill a bird at natural shot gun range. Any deliberate delay in shooting must be severely penalized.
- 10.3.5 A reasonable move of a dog to mark a bird flushed after a point is acceptable, but this shall not excuse a partial break or a delayed chase.
- 10.3.6 Any club that anticipates an entry in an approved field trial that might exceed the number of dogs that could be judged on the available running grounds during the available judging hours, should specify in its premium list that entries in any or all stakes will be limited and that entries will close when the limit or limits have been reached if this occurs before the specified closing time for entries.
- 10.3.7 In Shooting Dog or All-Age Stakes restricted to CKC registerable Pointing breeds, the premium list may specify that the stake requires, in addition to the basic requirements for hunting, pointing and backing, one or both of the following requirements for placement:
- (a) A demonstration of land retrieving performance
 - (b) A demonstration of water retrieving performance
- 10.3.8 In stakes requiring land and/or water retrieving, the judges shall establish such test or conditions as they require to ensure that all placed dogs meet the requirements established for the stake. The test should simulate natural hunting conditions as much as possible.
- 10.3.9 In retrieving stakes, the dog must be steady and retrieve only upon command. The retrieve should be quick and delivered tenderly to hand. A dog who marks the retrieves without or with less hand, voice or whistle direction should be given credit over a dog

who requires a greater direction from its handler. In water retrieving stakes the dog should enter the water boldly and retrieve by the most direct route.

10.4 Shooting Dog Stake

- 10.4.1 A shooting dog must show a keen desire to hunt, have a bold and attractive style of running, and demonstrate not only intelligence in quartering and in seeking objectives but also the ability to find game.
- 10.4.2 The shooting dog must hunt for its handler at all times at a range suitable for handlers on foot and should show or check in front of the handler frequently. It must cover adequate ground but never range out of sight for a length of time that would detract from its usefulness as a practical shooting dog.
- 10.4.3 The dog must locate game, must point staunchly and must be steady to wing and shot. When the brace mate has established point it should hold back, preferably on sight, but if not then on command.
- 10.4.4 Intelligent use of the wind and terrain in locating game, accurate nose, style and intensity on point, are highly desirable. Intensity is a most desirable characteristic in a pointing dog and is, therefore, far more important than the position of the head and tail, though style adds to an otherwise good performance.
- 10.4.5 The dog should automatically relocate game that moves out, but may be encouraged to relocate by its handler. The dog should have a finished performance and should be under its handler's control at all times. A Shooting dog should handle well with a minimum of noise or hacking by the handler.
- 10.4.6 No Shooting dog shall be placed which has not had bird contact and has not been shot over.
- 10.4.7 At least 30 minutes shall be allowed for each brace.

10.5 All-Age Stake

- 10.5.1 An All-Age dog shall demonstrate all of the same qualities as a Shooting dog as defined in the foregoing, except that it must hunt with greater speed and at a much greater range if the terrain permits, with greater degree of independence, and covering the course in a forward moving pattern so as to locate any game on the course.

-
- 10.5.2 It should respond to handling but should show an indication of using its own judgement in negotiating the course to find birds and should not wait for the handler to direct it as to where to go.
 - 10.5.3 Style and intensity on point are essential and must be steady to wing and shot.
 - 10.5.4 An All-Age dog will not be placed that has not had bird contact and has not been shot over.
 - 10.5.5 At least 30 minutes shall be allowed for each brace.
-

11 TRIAL PROCEDURES

11.1 Field Trial Marshals

- 11.1.1 The Field Trial Committee may appoint one or more Field Trial Marshals. It shall be the duty of one Marshal to assist the judges and to carry out instructions including regulating and controlling the gallery, making sure that the gallery is kept separate from and behind the judges, and that no one in the gallery talks to the judges while the dogs are down. Other Marshals may see to it that braces are ready when called and assist the Field Trial Committee in all other matters necessary for the smooth and expeditious running of the trial.

11.2 Drawing & Bracing

- 11.2.1 (70-03-22) The dogs shall generally be run in braces and each dog in the brace must have a separate handler. The dogs must be easily identifiable by the judges. The judges may require the dogs to wear different coloured collars. If required, the top dog will wear either an orange or red collar. The bottom dog will wear either a yellow or lime collar. Different coloured collars may be allowed at the discretion of the judges.
 - 11.2.2 If every dog entered in a stake at a licensed field trial has a different handler, the bracing of the dogs in that stake shall be established by a straight drawing and the braces shall then be run in the order drawn.
 - 11.2.3 If 2 dogs with the same handler are entered in a stake at the licensed field trial, such entries shall be segregated for the drawing for bracing so that no 2
-

dogs handled by the same person can be drawn for the same brace. The running order for all complete braces shall then be determined by a separate drawing after the bracing has been established. If during the drawing for running order, any handler is drawn to handle in more than 2 consecutive braces in the same stake, and if there is a later brace to be drawn in which that handler has no dog, the later brace may be moved up to run following the second consecutive brace, so that the handler would not be required to run in more than 2 consecutive braces. However, this shall not apply if an alternate handler has been named.

11.2.4 The bracing and running order established by either method shall not be changed except under the following circumstances:

- (a) In cases of a scratch or absentee the brace mate of the absent dog shall be run with the dog from the next incomplete brace or, if there is no other incomplete brace, with the bye dog.
- (b) If the foregoing procedure results in the bracing together of 2 dogs handled by the same person, the 2 odd dogs shall be re-braced consecutively with the 2 dogs in the last brace in the stake in which that handler has no dog.

11.2.5 Any new brace or braces so created must be run in the running order drawn for one of the 2 dogs in the brace as the Field Trial Committee may decide. If there is no bye dog and no other incomplete brace, the brace mate of a scratched or absent dog shall run last as the bye dog.

11.2.6 If a bye dog remains after all the braces have been run, its brace mate shall be selected by the judges at their sole discretion from among the dogs that have run in that stake. Alternatively the judges may, if the Field Trial Committee agrees, run such a bye dog without a brace mate. The judges shall also decide whether or not any brace mate they select for such a bye dog shall be under judgement, and if under judgement, for what portion or portions of the heat. The judges' decision shall be publicly announced before the brace is started.

11.3 Courses & Birds

11.3.1 Stakes at licensed field trials may be run on any of the following types of courses, all of which must include sufficient acreage, adequate cover for birds,

and suitable objectives to represent local hunting conditions:

- (a) Single Course with Bird Field consisting of a back course and a bird field which has sufficient cover to hold birds and which is of adequate size to permit a dog to hunt naturally without excessive hacking. A bird field must not be less than 5 acres and 10 acres is recommended. At a licensed trial no less than 2 birds must be released for each brace in first series in all stakes except Puppy Stakes. Additional birds may be released either in the bird field or on the back course.
- (b) Single Course without Bird Field consisting entirely of a course without any specific bird field, on which birds are released in suitable places around the course. At a licensed trial no less than 2 birds must be released for each brace at a suitable place on the course in all stakes except the Puppy Stakes.
- (c) Multiple Courses consisting of a series of courses on which each brace starts where the last brace was picked up. On such a course it is assumed that there is adequate natural or released game.

11.3.2 The same requirements for released birds that apply to other stakes at a licensed trial shall also apply to Puppy Stakes unless the premium list specifies that no birds will be released in the Puppy Stakes.

11.3.3 No released bird shall be picked up on the course or in the bird field unless dead or crippled.

11.3.4 Regular stakes at a licensed trial shall be run only on recognized game birds. The birds should be strong, healthy, full feathered and clean except that in Puppy Stakes non-game birds may be used if specified in the premium list.

11.3.5 Birds should, if possible, be released in natural cover rather than in artificially created cover. They should not be placed in holes nor in such cover as will impede their ability to fly or run. Birds may be rocked or dizzied but not to such an extent as to affect their ability to fly. Game stewards should wear gloves. Successive birds should not be released in or near the same spot.

11.3.6 Back-course birds may be planted by planters on foot, horse or ATV. If ATV's are used, birds may not be released from the vehicle. ATV's and/or horses are not allowed in the bird field for bird planting.

-
- 11.3.7 The premium list for a licensed trial shall specify the type of course and species of game to be released in each stake.

11.4 Running & Handling

- 11.4.1 The duty of having a dog ready in place when required for judging rests solely with its handler or owner. All dogs should be ready on the grounds well in advance of the scheduled times for braces so that the judges will not be held up in case of an absent brace. If a dog is not present at the place where it is to start within 5 minutes after it is called for by the judges to run in any series it must be disqualified. The judges are responsible for keeping the time.
- 11.4.2 No more than one brace shall be run on a course or any part of a course at the same time, irrespective of whether the dogs are in the same stake or in different stakes.
- 11.4.3 In a stake on a single course with bird field the time of each brace shall include no more than 8 minutes in the bird field, except in Puppy Stakes when the time in the bird field shall not exceed 6 minutes. The time shall start when the first dog has entered the bird field except that the first dog may be disqualified if it has cut the specified course in order to reach the bird field. If this occurs, time starts when the second dog enters. Otherwise, the judges or the Marshal if instructed by the judges, shall see to it that both dogs in each brace are directed to the bird field as near to the same time as possible. If one dog has strayed or is otherwise held up on the course, the brace mate and its handler may ordinarily proceed on the course and enter the bird field unless otherwise directed by a judge.
- 11.4.4 Time shall not be called when a dog is on point in the bird field unless specified in the premium list.
- 11.4.5 In a Derby Stake, if the second dog is not on point or backing, the handler may without penalty, hold or otherwise control the dog if there is any likelihood that it will interfere with the dog on point.
- 11.4.6 A dog that is on point, roading, or obviously on game when time is up, shall be allowed a reasonable time to complete its work.
- 11.4.7 Judges may discourage continuous or excessive noise or loud vocalizing by handlers in any stake and par-

ticularly in Shooting Dog Stakes. Failure to heed the judges' instructions may result in disqualification.

- 11.4.8 Intimidation, blocking, or the use of any training aid, (i.e. flushing whip, lead, etc.), or other means to restrain the dog from breaking at wing or shot, shall be severely penalized.
- 11.4.9 Collaring (controlling the dog by the collar), is a procedure that is permitted under certain conditions unless the premium list clearly specifies that no collaring is allowed in a particular trial. Collaring, when permitted, shall be allowed only when redirecting a dog following a clearly demonstrated acceptable performance following point, or following a clearly demonstrated back (honour) of brace mate. A judge may also instruct a handler to collar and move on a dog whose brace mate has established point but for which the brace mate's handler is having difficulty in locating a bird.
- 11.4.10 With the exception of tracking collars, collars to be worn in competitive stakes must be of a type solely used for purposes of identification. That is, the normal dog collar with name plate attached or coloured collars used to distinguish between dogs in a brace.
- 11.4.11 A dog remaining steady to wing and shot with minimum of handling or commands must be given credit in a Shooting Dog or All-Age Stake.
- 11.4.12 A dog that is out of judgement for a continuous period of more than 5 minutes or for more than 1/6 of the time specified for the brace if over 30 minutes, shall not be placed unless seen on point by a judge or unless, in the opinion of judges, the dog's absence was due to unusual conditions.
- 11.4.13 No person shall in any manner assist a handler in controlling his dog or in finding a dog that is lost, unless specific permission is first obtained from a judge. A dog may be disqualified if it receives direction of any kind from anyone except its handler. In horseback handled stakes, after a dog has been watered or after a dog has been on point and has been steady to wing and shot and after the handler has collared the dog, the handler may give the dog to a scout for the sole purpose of allowing the handler to mount his horse.
- 11.4.14 No dog shall be picked up during a brace except on direction or permission from a judge.
- 11.4.15 No dog ordered picked-up for any reason shall later be allowed to continue on the course. No judge has

the authority to permit this action for any reason whatsoever.

- 11.4.16 No one shall be permitted in the bird field at any time during the running of a stake except for the judges, the official guns, the Marshal, and the handlers of the competing dogs while the dogs are in the bird field, and except for the game stewards, to the extent necessary to release birds.
- 11.4.17 No person shall serve as an official gun in a stake in which he handles a dog or which a dog is owned by him is entered.
- 11.4.18 Promiscuous firing of guns or blank pistols on the field trial ground is prohibited. The handler of a dog shall fire one blank and no more for each flush of one or more birds.
- 11.4.19 There shall be no training of dogs anywhere on the course during the trial.
- 11.4.20 The Field Trial Committee shall not permit severe training, correcting, or disciplining of dogs on any part of the field trial grounds. The Committee shall investigate any reports of such conduct prejudicial to the best interest of pure-bred dogs, field trials, or the CKC. Any person who conducts himself in a manner prejudicial to the best interest of the sport shall be dealt with promptly, during the trial if possible, after the offender has been notified of the specific charges against him, and has been given an opportunity to be heard in his own defence.
- 11.4.21 The premium list for any approved field trial must specify whether or not handling from horseback will be permitted in any stake or all stakes. Mounted and foot handlers are not to be segregated in the draw. The judges shall see to it that any mounted handler uses his horse only as a means of conveyance on the course and never as an active aid in handling. If one handler is mounted and the other is on foot, the judges shall set a reasonable pace. Mounted handlers must keep their horse at a walk at all times unless otherwise authorized by the judge. A handler must always dismount before handling his dog on game and before firing. No handler's horse may be brought into the bird field.

11.5 Shoot-to-Kill Stakes

- 11.5.1 The premium list must identify any Shoot-to-Kill Stakes and must specify for each stake in which birds are to be shot, whether the shooting will be

done by official guns or whether handlers will be required to shoot their own birds. The shooting for all braces in the stake shall be done in the manner specified. It is mandatory that the Judges, gunners, handlers of the working dogs and marshals wear a blaze orange outer garment (vest or jacket) and blaze orange headgear in any shoot-to-kill stakes. This requirement will also apply to any gallery members on the course.

- 11.5.2 The judges shall have complete authority over all shooting. They may require a change of official guns at any time and they may bar from further shooting in that trial any official gun or gunning handler who does not abide strictly by safe gunning rules.
- 11.5.3 If the shooting is done by official guns, 2 qualified guns are required for each brace; one to accompany each handler. Provision must also be made for alternative or stand-by guns in case they should be required.
- 11.5.4 One official gun must join each handler as he enters the bird field, or if a bird field is not used at a designated place on the course, the official gun must always keep himself in the correct position for safety of dogs and persons.
- 11.5.5 Game should be shot cleanly, in a sportsmanlike manner, in full flight and at a distance that will give the dog a reasonable retrieve. An official gun represents the handler up to the time that game is shot, but he must not interfere in any manner with his work nor direct the work of the dog.
- 11.5.6 Game flushed by a free running dog or birds that flush wild shall not be shot except on instructions from a judge. A bird shall not be shot on the ground if it does not fly after an attempt to flush by the handler.
- 11.5.7 Retrieving is required in all Shoot-to-Kill Stakes, except Derby Stakes as specified below, and counts as an important part of a dog's performance. After a shot has been fired, the dog shall not be sent to retrieve by the handler until the dog's steadiness to wing and shot has been positively demonstrated. The handler commands and/or signals the dog to retrieve but may not touch the dog in such a manner to restrain or control it, except he may tap the dog lightly on the head or body to release it in any situation. The dog must retrieve promptly and tenderly to hand. In Shoot-to-Kill Derby Stakes retrieving will also be required unless otherwise

specified in the premium list, but the dog is not required to be steady to wing and shot.

11.6 Tracking Collars

11.6.1 Any tracking collar that is legal for use in Canada and is listed online at: www.akc.org/events/field_trials/pointing_breeds/tracking_collars.cfm will be permissible for use in CKC trials.

11.6.2 Only tracking devices approved by the CKC will be permitted. The collar and receiver must be used as received from the manufacturer.

11.6.3 Any pointing breed club choosing to allow the use of tracking collars at its event must include a statement concerning the use of tracking collar in the premium list.

11.6.4 Collars

- (a) The hand-held “locating” receiver shall be kept in the possession of the judge, or his designee.
- (b) The hand-held “locating” receiver may only be used after the dog is determined out of judgment and no longer eligible for placement.
- (c) The use of the tracking collar is optional for both clubs and handlers. For no reason should the running of a stake be held up due to the lack of available equipment.
- (d) Judges must be informed by the Event Trial Secretary of the rules regarding the use of tracking collars to ensure uniform practice.
- (e) Any person using a locating receiver to locate a dog currently in judgment, and prior to official authorization of its use by one of the judges, shall be disqualified from further participation in that stake; the dog is also disqualified.
- (f) The owner/handler is responsible for providing the tracking collar if they wish to use a tracking device.
- (g) If the handler elects to use the transmitting collar on his or her dog, only one other identification-type collar is permitted to be on the dog. The tracking collar shall remain on the dog during the entire heat; if a handler elects to remove the tracking collar, that dog shall be considered out of judgment.

(h) Offenders shall be disqualified from the trial.

11.6.5 Bell Collars

(a) Bell Collars are allowed in cover field trials.

11.6.6 Two Collar Rule (30-09-18)

20 GUIDELINES FOR JUDGES

- 20.1 Judges presiding on the day of an approved field trial do not merely represent themselves as individuals. They represent the entire sport of field trialing and, in particular, the standards of the CKC.
- 20.2 Judges alone decide what shall be entered in the permanent records of the CKC. The entries which are recorded there may form the basis for the breeding plans of serious breeders and other field trialers in the years ahead. Thus, it might be said that judges, by their decisions, influence breeding trends and the course of a breed's development in future years.
- 20.3 When viewed in this serious and challenging manner, it is easily recognized that a judge who has the future of the breeds at heart can give the slightest

thought to personalities – to the effect of his decisions on any particular handler. Nor can the judge afford to close his eyes to faults affecting performance in the field, which may be passed on to future generations.

- 20.4 If one keeps in mind the integrity associated with the sport and the breeds, it should not prove difficult to develop the prime requisite of any judge – that is, absolute impartiality. This is a quality which requires two further characteristics found in all good judges; exemplary personal character and absolute honesty. Lacking these, good judging is not achievable.
- 20.5 The presence of desirable qualities are not in and of themselves sufficient to ensure good judging. Any judge must be thoroughly grounded in fundamental knowledge of the requirements of field trial performance. This is something which cannot be obtained from books, lectures or seminars. Personal experience with dogs in the field is an absolute necessity. A thorough knowledge of the rules and procedures for the breed is a necessity. A thorough knowledge of the rules and procedures for the breed and stakes being judged is mandatory. Only a knowledgeable and well prepared judge can perform with confidence. Lack of confidence will result in indecision, hesitation and a performance which will be seen by experienced trialers as incompetence in the role being assumed.
- 20.6 It is often the judge who lacks experience and is unsure of the rules who attempts to do the impossible task of trying to please everybody. This is the judge who feels called upon to do someone a favour or respond to a plea for special consideration. This is the judge who does not realize that the true field trialer is the one who knows the rules, asks no special favours and accepts the judge's decision without question.
- 20.7 The truly competent judge will never hesitate to refer to the running rules of a particular trial. This judge will have read them thoroughly, knows where to look for the section which he feels need some clarification and will explain it to a competitor for the good of the sport.
- 20.8 It is unfortunate, but true, that some competitors attempt to bluff or bully a judge. The experienced, knowledgeable and confident judge has no problem with these situations. Such a judge quickly establishes who is in command and discourages any such future actions.

-
- 20.9 When incidents of this sort occur, or when anything happens at a trial which comes within the notice of the judge and which would make a bad impression on a newcomer to the sport who saw it, the judge should immediately report the incident to the Field Trial Committee, so that it can be dealt with on the spot. The dignified judge will not attempt to treat the incident as a personal matter. What's more, he has no authority to accept an apology from one who has attacked the dignity of his position – because such an attack is damaging not only to the judge, but to the interest of everyone else connected with the sport.
- 20.10 It is absolutely necessary that the trial-giving club invite only those persons who possess the necessary qualifications and personal attributes. While it is possible to set down precise quantitative requirements, it would be reasonable to assume that a person possessing the necessary personal qualities would also have had considerable experiences of record in field trial participation. Possibly one would look for at least 3 to 5 years of active, regular participation at all levels (i.e., puppy, derby, shooting dog and open stakes). One would expect that a competent person would have competed with dogs which showed the necessary training and qualities to be winners in their stakes, not only once, but with a reasonable degree of regularity. One has to know a quality performance in order to judge it at any competitive level. Beware of clubhouse “lawyers”: those who do most of their trialing at the truck tailgate after running their own brace. You will find your top potential judges among those whose dogs have performed admirably and who also have watched most of the braces being run. They have built the foundation upon which the formal rule requirements can be built.
- 20.11 It is recommended that those aspiring to the role of the judge do so through sanction trials, fun trials, etc., and wherever possible, be paired with a recognized and more experienced judge. The opportunity to share in the knowledge, view, outlook, etc. of the experienced judge is a very real privilege and learning situation.
- 20.12 In rare cases, judges may actually violate the rule of procedures or otherwise conduct themselves in a manner prejudicial to the best interests of the sport. When this happens, it is the duty of any field trialer to report the occurrence to the Field Trial Committee and the Committee is required to investigate
-

the matter and to deal with it in accordance with the rules and to report in detail to the CKC.

- 20.13 The future of the sport is going to depend on the extent to which its judges really know good work in the field; know the rules and procedures and judge strictly in accordance with them; demonstrate complete impartiality in their decisions and act in a manner befitting their position.
