## **Acknowledgements**

Acknowledgement is made for the time, effort and expertise in tracking that has been put forth by the following individuals, Louise Weaver, Marie-P.Babin and Susan Coutts and in part the Members of the Tracking Council for which this manual was made possible.

Also recognition is hereby made to Sue Sorensen and Allyson Fennell for their additional contribution to information found in this manual.

A special thanks to Elio Furlan and his staff at the Canadian Kennel Club for the publication and distribution to Tracking Test Clubs and Tracking Test Judges across Canada of this tracking manual.

Things don't happen because we might want it, but only through the efforts of those who strive for a better world does the accomplishment become a reality.

Thank you to you all.

## TRACKING TEST GUIDEBOOK

This manual is designed to assist clubs when hosting a CKC Tracking Test. This manual is not intended to replace the rulebook but to simplify what is required and the paper work involved in hosting a test of this type. Samples of forms required and correspondence that must be processed in order to host a test is enclosed. This manual is designed to make the job of Tracking Test Secretary and the Tracking Test Committee easier and assist in ensuring that your test runs correctly & smoothly.

Take time to refresh yourself with the information at the front of this manual. It deals with scouting of locations, draws, the tracks themselves, equipment and FAQ. We hope that many of your questions will be answered and future problems avoided. With the advent of Urban tracking we must all educate ourselves as to the requirements of an urban tracking test and the challenges facing hosting clubs.

If you have any questions, please do not hesitate to contact your local CKC Tracking Council Member. **(Go to [www.ckc.ca](http://www.ckc.ca) for a list of Tracking Test Representatives across Canada)** All forms included in this handbook with the exception of Track Laying Schedules and Record of Entrants (Copy from Book for Your Use) can be downloaded from the CKC website [www.ckc.ca](http://www.ckc.ca)

Good Luck and Happy Trails

## **PREMIUM LIST**

4.1 After a club or association has been granted approval to hold a tracking test under these rules and regulations and has obtained Canadian Kennel Club approval of its selected judges, a premium list must be released and distributed a minimum of 30 days prior to the acceptance date. Premium lists shall include the following information:

- (a) Official Premium List" must appear at the head of the cover (or first page, if self-covered)
- (b) The name in full of the club or association holding the test
- (c) The date or dates and type of test which will be held
- (d) The exact rendezvous location
- (e) The statement "This test is held under the rules of The Canadian Kennel Club"
- (f) The postal address of The Canadian Kennel Club and the name of the Executive Director of The Canadian Kennel Club.
- (g) A statement setting forth the time, date and exact place at which the draw will take place
- (h) A list of officers of the club or association holding the test
- (i) The full name, postal address and title of the person to whom entries are to be submitted
- (j) The full name and postal address of the Chair of the Tracking Test Committee and such other test officials as the club or association wish to identify in the premium list
- (k) The full name and postal address of each Judge and the name of the test(s) each will judge
- (l) A statement as to the order of running of the tests, the date and time on which entries will close and the entry fee for each
- (m) The statement "A listing fee as established by The Canadian Kennel Club must accompany the entry of a dog which a Canadian Kennel Club individual registration number or Event Registration Number (ERN) is not shown on the entry form"
- (n) The full list of prizes if offered
- (o) Such other regulations or additional rules for the government of the test;
- (p) A statement to include the wording of Section 14.7
- (q) Draw times and location

4.2 At the time of distribution to prospective entrants, 2 copies of the premium list must be sent to The Canadian Kennel Club and one copy to each of the Tracking Test Representatives and the Board member representing the zone in which the test is to be held.

**(See Sample Page 28)**

## TRACKING TEST CATALOGUE

The catalogue must contain the information as listed below.

The following information must be printed on the front cover of the catalogue:

1. The name of the club holding the test;
2. The exact number and type of test being held;
3. The dates of the tests;
4. The statement "This test (these tests) are held under the rules of The Canadian Kennel Club."

The information listed below must appear in the catalogue but not necessarily on the front cover. It is preferred that this information be listed on the first page (excluding inside front cover);

1. The exact location of the test;
2. A list of officers of the club and the address of the Event Secretary;
3. A list of the Test Committee including the address of the Event Secretary.
4. A complete list of the judges and their mailing addresses;
5. A listing of each judge's assignments for each day;
6. Refer to the CKC Policy & Procedures Manual for the format to follow.

**( See Sample Page 35 )**

## **Tracking Test Secretary and Tracking Test Superintendent Information**

Entries shall not be accepted from any person who is not in good standing with The Canadian Kennel Club on the day of entries closing. A list of persons not in good standing shall be forwarded to the Test Secretary by The Canadian Kennel Club.

No dog belonging wholly or in part to any judge or to any member of the judge's immediate family or household shall be entered in any tracking test at which the judge is officiating.

The Test Secretary and Test Superintendent may not handle, enter or act as an agent at the test where they are officiating.

A dog may not be entered in any Tracking Test if a Judge of that test, or a member of his immediate family has owned, sold, held under lease, boarded, trained or handled the dog within 30 days prior to the date of the test. This includes judges who train professionally or as amateurs and applies equally to judges who train individual dogs and those who train in classes with or through their handler. Note that a seminar conducted immediately prior to a test shall be construed as training with the judge and such participants in the seminar shall be considered ineligible to enter the test.

## Secretary Information

### ENTRIES

Two examples of receiving entries.

Example 1:

Make a list of every entry received (sample attached). Each day, date and number each envelope before opening. Open and check that entry forms and cheques are complete and correct for the first recorded entry ONLY for each entrant into the test or as an Alternate. Record on list and mark each entry form as to position. Staple contents to the envelope. Mark DUPLICATE entries on the outside of the envelope where applicable.

If an entry arrives before the Acceptance Day, notify the person that it has been rejected. Entrants must be notified (CKC Tracking Test - Closing Date 6.6.1) (phone or email) on the day their entry is received. Official confirmation (dog name etc.) is sent after Closing Date.

After Closing Date, cheques should be given to the Club Treasurer. Keep a **copy** of all the envelopes and entry forms on file after the test. Cheques, Bank Drafts or Money Orders for entrants with no tracks in test and or duplicate entries can be given back to the entrant at the draw if present.

The entrant not entered in the test or at the draw will be notified by the Secretary if they wish the entry fee be shredded by the Secretary or have the entrant send a self-addressed envelope for the entry fee to be returned to the sender.

Example 2:

Mailbox at the road.

1. Is emptied out the evening before the acceptance day.
2. Take the envelopes out of the box and keep in the pile they were delivered in by Canada Post.
3. Number each envelope starting from the top to the bottom. It does not matter if they are duplicates as you would not know this at the time.
4. Open each one and place a number if the dog is in the test ( E#1-TD = Entrant #1 TD or TDX or if Urban UTD or UTDX)
5. Once filled then assign alternates (A#1 for level of tests) A#1TD = Alternate #1 for TD and so on for each level.
6. If there duplicate entries I mark on the entry D#1TD = Duplicate #1 for each entrant. If I sent in 20 I could have D#1-20 for one person. Notify entrant on receipt of entry.

# INFORMATION FOR TRACKLAYER

**TDX** tracklayers meet at the field on Plotting Day at **TBA**.

**TD** tracklayers meet at the field on Plotting Day at **TBA**.

## TEST DAY:

- NO perfume.
- Be at the field at least 15 minutes before your track is to be laid.
- Before heading out to the start flag, take a minute to look at your map and flags to refresh your memory.
- Make sure you have your article.
- Lay your track by:
  - Stand on the right side of the flag for 1 minute while making a scent box 3 feet by 3 feet.
  - Walk naturally.
  - Leave the first two flags (TD) or first flag (TDX). Pull up the rest. If you forget to pull a flag, **DON'T BACKTRACK TO PICK IT UP**, leave it there. **Quietly** away from exhibitors tell the Superintendent or Judge.
  - As you approach a corner flag, take a second to check your map to know where the next flag is. Don't stand on the corner. Pull up the flag and walk naturally to the next flag, etc.
  - Drop the article at the end of the track, step on it then walk a minimum of 20 paces past the glove in the same direction before turning to leave.
  - If you have forgotten your article, don't panic, **quietly** tell Superintendent or Judge.

If there are any problems, tell the Superintendent or Judge and then **keep quiet** about it. They will deal with it.

## **TRACKING GUIDELINES - Effective January 1, 2013**

This manual is designed to assist clubs hosting CKC Tracking Tests, and is also for the general tracking public, to expand and simplify some of the regulations in the sport of tracking. There are samples of forms and correspondence required for test giving clubs in this manual. Along with the other information enclosed, the manual is designed to make the job of the Tracking Committee easier and to assist in ensuring that your tracking tests run correctly and smoothly.

We cannot stress enough the importance of EVERYONE involved in tracking to read and clearly understand the rules. There is a brand new 2013 Tracking Test Rules and Regulations book published with the effective date of January 1, 2013. You will find some changes, updates, and additions throughout the rule book. Please make sure you read the rules and if you have any questions, we suggest you contact your local CKC Tracking Representative. A list of the Tracking Representatives and contact information can be found on the CKC website under Councils.

Good luck in all your tracking endeavours!

\*\*\*

### **CKC Tracking Tests are of 2 types, Field and Urban**

#### **FIELD**

Field tests, as the name implies, are held in a rural or agricultural area, usually on farmers' fields. Suitable hay fields for a TD track may be short or long grass, alfalfa, clover, grass and weed mixture. These fields are also suitable for a TDX track, but at least one change of vegetation is required both in type and height for TDX. A road crossing, ditch, small areas of bush, part of a plowed field or corn field would also be desirable obstacles in a TDX track. A TD track requires about 5 acres, while a TDX track requires approximately 10 acres. When selecting an area, the host club must ensure there will also be space to allow a minimum distance of 40 meters between proposed tracks. Distance from tracks for the route of the tracklayer, both in and out should also be considered, as well as the route for the cross track layer in TDX tracks for entering and exiting. It also must be possible get the tracklayer, handler and dog in and out of the field without contaminating their track or any adjacent tracks.

Flags, provided by the host club for field tracks, must be sturdy, of varying colours, and suitably tall enough. Consideration must be given to the height of ground cover, ability of the tracklayer seeing distant flags in overcast conditions or rolling ground. Corner flags and cross track flags should be of a different colour from start flags (and direction flag in TD) so that there would be no confusion for the tracklayer and cross track layer when laying the tracks the morning of the test. On plotting day, a sturdy mallet should be provided by the club to pound in the posts if necessary. Using wire flags is not recommended for tests as they tend to be knocked over by strong winds, or animals, between plotting day and test morning.

Should the judge find the fields deficient on the day of plotting, whether used in a previous event or not, the club will be required to find a more suitable area. Clubs are encouraged to speak to their judge or CKC Tracking Representative regarding requirements prior to the test.

## **URBAN**

The urban type environment consists of short or mowed grass for the vegetated surfaces, as you would normally find in urban locations. The non-vegetated areas may consist of any combination of brick, concrete, gravel, sand, mulch, or asphalt. The dog may also be required to work around various distractions such as buildings, parked vehicles, garbage cans, picnic tables, posts, etc. In UTD, one or two steps are allowed as obstacles. In UTDX, obstacles may be stairs, small fences or guardrails, and may enter an open building such as a parking garage. Typical sites for urban tracks would be office parks, industrial parks, schools and campuses, city parks. When scouting locations, the host club must be aware of fenced in areas that may limit use for tracks. As with field tracks, getting the tracklayer in and out, and the handler and dog, must be considered. Due to the unique nature of urban tracking, flags are not required, other than the start flag, and there are no cross tracks laid. Urban areas may also find people walking, and sometimes dogs, and vehicles, driving over the track, while the test is in progress. This would be considered a normal part of the urban environment.

The host club should ensure there will be enough suitable areas available before applying for Urban Tracking Tests. If there is confusion as to what is suitable, the club is encouraged to contact their CKC Tracking Representative for clarification. Should the judge find an area deficient on day of plotting, whether used in a previous event or not, the club will be required to find a more suitable area.

**PLEASE READ THE RULES REGARDING FIELD AND URBAN TRACKING TEST REQUIREMENTS IN THE 2013 TRACKING TEST RULES AND REGULATIONS RULEBOOK.**

## **FREQUENTLY ASKED QUESTIONS?????**

### **DRAW ITEMS**

The host club will supply enough items for the number of tracks laid. These items will be identical in size and texture, but readily identified by a number. There should be no way to distinguish between one item to another. Draw items will be placed in a container where the items are not visible. Competitors will be asked in 'catalogue order' to draw one item from the container. The draw items are intended to be kept by the exhibitor; they will not be re-used. Draw items may be as simple as ping pong balls, numbered pieces of paper folder identical by the committee, or they could be small keepsake items that do not vary, as described above. Some clubs like to use draw items related to their locality, or relating to the season e.g. Easter eggs at Easter, mini pumpkins at Halloween. Any small item is suitable to use as long as there is

no detectable difference in drawing them. There is no trading of tracks. **PLEASE READ THE 2013 RULEBOOK REGARDING DRAW ITEMS AND PROCEDURE.**

### **TRACKING ARTICLES**

Suitable articles for TD and TDX must be leather and approximately 4" x 6". If gloves, they should be relatively new, not having been used to handle any chemicals or cleaning products. Small squares of leather, or other leather items of the same approximate size, may also be used.

Suitable articles for UTD and UTDX would be approximately the same size as above. Only the final article is leather. The intermediate article for UTD may be wood, plastic or cloth. The intermediate articles for UTDX may be wood, plastic, cloth or metal. Metal articles made of zinc, or plastic articles that would shatter may not be used. Metal articles should not be placed on asphalt or other hard surfaces where heat may be conducted into the metal article. Care should be taken for items used that could inflict any harm to the dog i.e. if the dogs' manner to indicate is a retrieve.

### **ALL TRACKING ARTICLES MUST BE APPROVED BY THE JUDGE ON PLOTTING DAY.**

Of interest to consider: A nice gesture for many clubs now is to allow the passing dog/handler to keep their final leather article. It may have the club name written on, the date, and the judge may sign it. Similar to draw articles, some people truly appreciate these tokens with their track number.

### **PROTECTIVE GEAR**

Whether to protect the dogs' coat or protection from injury, a dog may wear protective clothing. Items must be inspected by the judge prior to the start of the track and may not interfere with the harness or tracking line attached to the dog. Examples may be: a cool coat, jacket, boots, doggles. As this is a new rule, please make sure you check with the judge before you reach your start.

### **OFFERING WATER ON THE TRACK**

Exhibitors may carry water to offer their dogs if they feel it may be required. The water may only be a factory sealed bottle of plain water, and it must be inspected by the judge prior to the start of the track. Water may be offered at any time at the handlers' discretion. The handler must inform the judge that water is needed, and approach the dog. They may not call the dog to them. After offering water, the dog must continue from that point working on its own with only verbal encouragement from the handler. The handler may not restart the dog. However, if in the judges' opinion the watering is excessive for the conditions, the dog may be failed as not working.

## **HANDLING OF THE TRACKING LINE**

The tracking line must be from 5 metres (16') to 15 metres (49') in length. The dog must work at a distance where it works freely and is not influenced by the proximity of the handler. The handler may adjust the line length as appropriate to conditions and obstacles, to assist the dog in its work. However, the 3 metre (10') minimum 'handler to dog' distance on the line must be respected. Should the dog become tangled, indicate to the judge that you need to untangle the dog.

It is important not to continue with your line tangled in the dogs' legs, or around its neck. Much the same as watering, walk to the dog, quickly untangle the line, verbally encourage the dog to get back to work and step back away from the dog on the path you approached.

For further clarification of the above FAQ's - refer to the 2013 Tracking Test Rules and Regulations. Your judge will also ask you before you begin your track if you have any questions. This is your opportunity to ask about something you may not be clear on. Often at the Draw, the judge will also speak to everyone. The judges want you to pass. Make sure you understand what they are saying....no question is too silly....ask!

\*\*\*

## **CLUB RESPONSIBILITIES**

Adequate manpower to assist the judges: This would include making sure there are enough tracklayers to make certain the judge is not kept waiting to start a track with a handler and dog because a tracklayer is finishing off another track in another location.

Transportation for the judge to and from the tracking area: Sometimes a judge has, and prefers, to drive their own vehicle (may have their own dogs with them). Otherwise, a person, whose sole responsibility is to drive, lead or transport the judge and who knows the area, should be provided.

A map of the area with track locations: You do not want the driver, judge, or person leading the entrants to end up lost. The person leading the entrants should be clear that they cannot pass them and will hopefully make sure no-one is left behind at a turn or stoplight!

The club will supply the judge with a meal and refreshments on the day of plotting. Breaks are to be determined by the judge on the day of plotting. On test day, refreshments and snacks should be available for the judge at all times.

**PLEASE MAKE SURE YOU OBTAIN A COPY OF THE NEW 2013 TRACKING RULES AND REGULATIONS! IF YOU HAVE ANY CONCERNS OR QUESTIONS, CONTACT YOUR LOCAL TRACKING REP. TO CLARIFY.**

## Performance Event Numbers

A Performance Event Number (PEN) allows an unregistrable dog of a CKC recognized breed to participate in competitive events that are appropriate for the breed. Those events are as follows: Obedience Trials, Tracking Tests, Herding Trials, Draft Dog Tests, Agility, Lure Coursing, Earthdog Tests, Hunt Tests, Working Certificate Tests and Pointing Field Dog Tests.

### Eligibility

In order for a dog to be eligible to receive a PEN, all of the following criteria must be met:

1. The dog must be of a breed recognized by CKC
2. The dog, for one reason or another, must not be eligible for CKC registration
3. The dog must be spayed or neutered
4. The dog must be properly identified with a CKC approved microchip (this requirement is not necessary for ILP dogs).
5. The dog cannot be on the CKC Miscellaneous Class List (Miscellaneous Class dogs are not eligible to participate in the PEN program)
6. In the case of a foreign born dog residing in the USA, in addition to the above, the dog must have been issued an AKC ILP number.

### Application Instructions

To apply for a PEN:

1. Complete the appropriate CKC PEN application form. If the dog is co-owned, all co-owners must sign the application.
2. Submit the following documentation with the completed application:
  - a) Two recent and clear photographs of the dog in standing position
    - One full frontal view
    - One full profile
    - The photographs must be signed and dated by a veterinarian confirming type of breed and size of dog, i.e., 20" Golden Retriever.
  - b) A veterinary certificate confirming that the dog has been spayed or neutered.
  - c) A statement as to why the dog cannot be properly registered with the CKC.
  - d) The appropriate fee, as noted in the CKC Fee Schedule.
  - e) In the event that the dog has been born in a country other than Canada and has been issued an AKC Indefinite Listing Privilege (ILP) number, the AKC ILP Certificate may be submitted in lieu of the photographs and the certificate confirming spay or neuter.

### Change of Ownership

Should the dog's ownership change, the PEN number must be transferred into the name of the new owner. This may be accomplished by completing the transfer portion on the reverse of the PEN Certificate and forwarding it to the CKC along with the appropriate fee. A new PEN Certificate will then be issued and forwarded to the new owner.

### Note

A dog that is eligible for a PEN may not be entered as a listed dog. Dogs may only enter events after a PEN has been issued to that dog. This restriction shall also apply to dogs with ILP numbers.

The CKC may cancel for cause, any previously issued PEN number.
