Providing Goods and Services to People with Disabilities

The Canadian Kennel Club and the CKC Foundation is committed to excellence in serving all customers including people with disabilities. Goods and services will be provided in a manner that is based upon the principles of dignity, independence, integration and equal opportunity to all of its customers. The provision of goods and services to persons with disabilities will be integrated wherever possible.

Assistive Devices

An assistive device is any piece of equipment a person with a disability uses to help them with daily living. We allow our customers with disabilities to use their personal assistive devices while accessing our goods or services.

Communication

We will communicate with people with disabilities in ways that take into account their disability. We recognize that every person and situation is different. Our staff will work with the individual to find a communication method that meets the person's needs.

Service Animals

We welcome people with disabilities and their service animals. Service animals are allowed on the parts of our premises that are open to the public.

Support Persons

A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises. Additionally, the customer will not be prevented from having access to the support person while on our premises.
